

Customer Upload

by Abreeze Technology

Finally, store all of your customer information in one place-- your Clover!

Do you have an existing customer database that you want to import to Clover? With Customer Upload you can upload thousands of customers in seconds, instead of wasting time on manual entry!

Do you have multiple customer databases? Some over here...

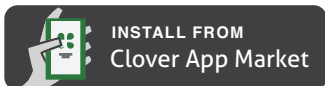

...and some over there?

Customer Upload organizes all of your customers and puts them in one place-- your Clover!

It is simple and takes just seconds to complete, so you can get back to business!
